## **Regional Property Manager- *Habitat America, LLC***

Habitat America, LLC celebrating 30 years in business, a woman-owned property management company with a strong presence in the Mid-Atlantic region. The company is headquartered in Annapolis, Maryland. Due to the rapid growth that the company is experiencing, an opportunity for a new experienced Regional Property Manager has opened up! Habitat America is seeking a Regional Property Manager with at least 7 years' experience at the Regional Manager level. The portfolio for this position will include 7 -10 tax credit senior and family apartment communities, some mixed with market rate, located in Montgomery County, Howard County, PG County and DC areas.

The Regional Manager at Habitat America oversees the management of a varied portfolio of apartment communities for owners. Our Regional Managers are tasked with maintaining the integrity of the owner's physical asset by revenue optimization and control of expenses, while adhering to all policies and procedures set forth by the company. Regional Managers are leaders and are responsible for supervisory responsibilities over assigned portfolios assigned that are accomplished within Habitat America's policies, procedures and applicable laws. These responsibilities include interviewing, hiring and training competent employees, maintaining teams of employees, planning, assigning and prioritizing work; reviewing performance; rewarding and disciplining employees; addressing and working towards solving problems that arise. Habitat America's Regional Managers regularly communicate with owners, developers, contractors, syndicators and regulatory entities.

Habitat America is a company expanding with opportunities for career growth! The company prides itself for having an excellent team of competent, talented and dedicated Regional Managers. Perhaps it is time for you to consider joining a company that will value the talents, experience and business knowledge that you bring to property management. If you have the experience we are seeking, then please submit your resume and salary requirements for our review.
